SUMMARY

Data Analyst with 4 years of experience turning raw business data into actionable reporting. Strong background in SQL, Python for data analysis, and building dashboards for non-technical stakeholders.

EXPERIENCE

Data Analyst — Groupe Ferrand

Jan 2021 – Present

- Built and maintained weekly sales and inventory dashboards in Tableau for regional managers
- Wrote complex SQL queries against a Snowflake data warehouse to support ad-hoc business requests
- Automated monthly reporting pipelines using Python (pandas), cutting manual reporting time by 70%
- Presented quarterly data insights to senior leadership

Junior Data Analyst — RetailStat

Sep 2019 – Dec 2020

- Cleaned and validated customer transaction datasets for downstream reporting
- Supported A/B test analysis for the marketing team using Excel and basic statistics

SKILLS

SQL, Python, pandas, Tableau, Excel, Snowflake, Statistics, PowerPoint

EDUCATION

B.Sc. in Economics and Statistics — Université Lyon 2 (2019)
